# Fall's Fairest Fabrics.

The advance guard is now in line ready for action. It is a likely collection of Dress Stuffs. The best things the looms of several countries have produced are here, early because of orders placed long ago. Every day sees newness and novelty. We draw no color lines-you get black or any shade or color of the rainbow with combinations.

#### Camel Hair Plaids and Mixture.

These are among the most popular fabrics for elegant skirts and dresses, most serviceable, extra made, choice patterns, various shades; 44 to 54 inches wide-

\$1.40 to \$2.50 Yard.

### Cheviots, Serges and Mixturess.

Unlike the camel's hair, which has the long, hairy effect, these have a smoother surface, yet coarsely woven; full lines of shades-59c a Yard and Up.

#### Broadcloths===

The richness of which no lady disputes, are here in all colors and black; full wide, extra quality, of best makes, upward to \$2.50 yard. A special line of 50-inch Broadcloth, seven colors, at \$1.00 yard, is an exceptional bargain.

#### Among the Blacks

Of the Dress Goods stock will be found such leaders as Barred and Striped Camel Hair, Poplins, Herron Bone, Venetian Cloths, Serges, Brocades, Etamines, Crepons, Granite, etc.

### We Will Mention Specially At This Time Crepons......

These in Silk, Wool and Mohair form a most inposing spectacle in our black goods department, not only in numbers of pieces, but styles, qualities and lastly, price, which has a wide range of from \$1.15 to \$4.50 a Yard.

# GEO. R. TAYLOR COMPANY.

A Matter of Discussion by a Counell Committee Last Night.

#### NORTH FRONT OR NORTH YORK

Is the Question that is not Satisfactorily Determined, and Ought to be Settled now for Good and all. Wheeling Railway Company's Ordinance Discussed by the Committee on Streets, Alleys and Grades.

nance granting the Wheeling Rallway the right to construct, maintain and operate certain new tracks in the Eighth ward and on the Island, at the meeting of the council committee on streets, alleys and grades last night, it developed that there is grave uncertainty as to what is the correct name of the street that is a continuation of both North Front and North York streets, Island, north of New Jersey street, where Front in reality ends. It was stated by Mr. Erskine that the original ordinance of the Wheeling Railway Company designates it as North Fron street, but on the other hand the Is-land people, with practical unanimity, call it North York, and claim that Front street ends at New Jersey. A short time ago, when employes of the city engineer's office were putting up street corner signs, it was attempted to put "North Front" signs on the corners of the stret in question, but the residents of the neighborhood objected so vigorously the signs were not put up. The street numbers are a continuation of those on North York south of New Jersey, and if the street is to be called North Front there would be a conflict of numbers with those on North Front proper. Apparently, the street ought to be officially designated North York by council, in order that there may be no confusion in the future. It would be well for the committee on streets, al-leys and grades to recommend such action by council.

The committee discussed the railway ordinance, and finally determined to visit the streets which the company desires to occupy with its tracks, both on the Island and in the Eighth ward, this afternoon, the committee to assemble at the city building, at 2 o'clock.

The meeting was presided over by Chairman Ross T. Chew, and of the members there were present Councilmen McCormick, Radeliffe, Megrail and

The clerk read the ordinance granting to the Wheeling Railway Company the right of way to construct, maintain and operate tracks on streets in the Eighth ward and Seventh ward. In the Eighth ward the proposed tracks run from the corner of Forty-eighth and Jacob streets, along Forty-eighth to Eoff, on Eoff to Forty-third and on Forty-third across the present south bound track to a junction with the present north bound track on Fortythird, near Wood. In the Seventh ward the company desires to construct a track on Cromwell street, connecting the north bound track on North York street with the south bound track on North Huron street.

The new track in the Eighth ward is designed to give a lower loop, so that the present single track on Jacob street, between Forty-third and Fortyeighth streets, may be used only souht bound cars, and the new track on Eoff for north bound cars.

The Cromwell street track is designed to give the company side tracks for holding cars during base ball games at the Island base ball park.

On motion of Mr. McCormick, the committee will meet this afternoon at 2 o'clock, for the purpose of going over the streets proposed to be occupied by the new tracks.

A petition was presented for grad-ing Alley A, between Twenty-third and Twenty-fourth streets, South Side. Referred to the board of public works.

Residents of the Seventh ward intro-

duced a petition to the following effect: That the Wheeling Railway Company run its cars every tweive minutes or oftenr from 6.30 a. m. to 11:30 p. m.; that the railway company fulfill its promise to pave Island streets between the rails; that the corners be round at the corners of North Huron and Cromwell streets and North York and Cromwell streets; that old tracks on York, north of Cromwell, be removed; that the company pave Cromwell street from curb to curb.

Dr. Megrail addressed the committee Dr. Megrali addressed the committee in favor of the representations made in the petition. Consideration of the mat-ter was postponed until the next reg-ular meeting of the committee.

The resolution of Mr. Fitzsimmons, asking the board of public works to repair Alley 17 west of the Wheeling bakery, was referred to the board.

The city engineer recommended a new grade be established on Forty-fifth street, to supercede the grade established in 1872. The committee will look into the matter this afternoon.

The city engineer reported new grades for Eleventh and Water streets. ordinance accompanying the report was referred to the city solicitor.

The Kindelberger resolution that all

new sewers be constructed by the board of public works, instead of by contractors, was presented. It was explained by Mr. McCormick that the city's rate of wages is \$1 75 per day. while the contractors pay \$1 50 per

After a short discussion the resolution was defeated.

the Remedy You Need.

the Remedy You Need.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child renames to often, if the urine scales the fiesh, or if, when the child reaches an age when it should be able to control the passage, and it is yet afflicted with bed-wetting, depend upon it, the cause of the dimculty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidney and bladder and not to a habit as most people suppose.

So we find that women as well as men.

so we find that women as well as men are made miserable with kidney and bladder trouble and both need the same remedy. The mild and the immediate effect of Swamp-Root is soon realised. It is sold by druggists, in fifty-cent and one dollar sizes. You may have a sample bottle by mait free, also pamphlet, telling all about it, including many of the thousands of testimonial letters received from sufferers cured. #### WEEMS OR GILL

With General Hollingsworth a Dan-gerous Factor, is the way the Situation is Sized up Over the River.

Everybody in the over-the-river dis-trict yesterday was guessing on the effect of the unlooked-for contests in se-curing congressional delegates for the Martin's Ferry convention. The effect of the result of the only real contest, up in Jefferson county, was easily fig-ured out by some people, and it was conceded that the delegates selected by General Hollingsworth's friends in one or two Belmont precincts would not

General Hollingsworth's friends in one or two Belmont precincts would not break the solid delegation for Mr. Weems, at least until their candidate got close to the goal.

In Washington township, however, an attempt to instruct the delegates for the general as a second choice was voted down. The delegates are for Mr. Weems and will stay with him until they know whether a second choice is necessary or not.

Hon, J. J. Gill was kept busy in his own county and seems not to have worked his friends in Belmont, but notwithstanding this there is very considerable feeling for him in parts of the county, and some talk about him as a second choice.

There will be much work done by all of the candidates this week. Belmont's candidate has shown himself an expert in that line and has apparently the longest line out for retaining the lead in the contest.

The vote of little Carroll will cut quite a figure, and if it lands solidly anywhere there will be no deadlook, and it is the general talk that Mr. Fimple and his friends, while they are out for that nomination, if they cannot get it, they want "the next best thing." It looks like Weems or Gill, but Hollingsworth got in a few surprises in the primaries and maybe he can keep it up.
